

**Riverside Community Workshops 2007**  
**WORKSHOP II: Visioning - Futures Preference Survey**

Ratings:  
 3 = Good  
 2 = Fair  
 1 = Poor  
 0 = Did not address

Participants of Workshop II - Session 2 were asked: *In your opinion, how well do these possible futures achieve our Vision and meet our Goals?*  
 Approximately 25% of residents \ business owners who signed in for the Workshop, responded with written comments + evaluations.  
 Many responses were not numeric. COMMENTS will be inserted. Not all futures were scored (e.g. TOD).  
 The Comment Card was a result of input from Session 1 of Workshop II on 2/10, but was not available on that date for use.  
 This is NOT a scientific survey - interpretation of results is needed. The purpose of survey is to find trends\clusters of preferences.
